

VCAVD-021

VGA & Audio to DVI Converter

► Specifications

	VCAVD-021
Input	VGA x 1 Analog Stereo x 1
Output	DVI x 1
Button	x 2 (image horizontal adjustment)
LED Indicator	Power / System Status (Multi-Color)
Transmissionrate (Max.)	5Gbps
Frequency Range	25~225 MHz
Power Supply	DC 5V
Dimensions H x W x D	20 x 80 x 50 (mm)
Weight	180 (g)

► Features

- Convert a VGA and analog audio signal to a digital DVI signal
- Multi-color LED Status indicates for easy troubleshooting and monitoring
- HDTV Compatibility
- Intelligent EDID handling and processing algorithm ensures Plug and Play operation for DVI systems

► Connection Pattern
