| Slide Switch*                 | USB-C Mode x 1 : 4-Lane+U2 / 2-Lane+U3                                                                                                                                 |
| Material                      | Metal                                                                                                                                                                  |
| Power Supply                  | DC 19-21V                                                                                                                                                              |
| H x W x D ( mm )              | 40 x 160 x 100                                                                                                                                                         |
| Weight ( g )                  | 636                                                                                                                                                                    |

\* USB Sharing Port Speed Depends on USB-C Mode Switch  
10 Gbps when Selecting 2-Lane + U3  
480 Mbps when Selecting 4-Lane + U2  
Apply 4-Lane + U2 in Most Cases for Best Compatibility

### Connection Pattern

#### One Console. Two PCs. Complete Control.
